Here's also Quinnamon's socials as well. They have done a lot of bad stuff as well as mentioned in the Google Drive. And covering up for Daggz when he attacked BBonnet.

People are still calling him out since he is harassing people.

<https://twitter.com/ldoknoagudusrnm/status/1771696867673358757> with these types making fun of the video saying it's too long and essentially getting supee butthurt at the comic creator.

Because this 48 minute video <https://m.youtube.com/watch?v=8W3m0sEsnll> is essentially one big long fuck you to the comic creator since she really didn't do anything bad.

Quinnamon is a stalker, crazy, an admitted liar, he threatens people, he can get away with it along with Daggz because they have big friends, he made mass shooting threats and quite a number of other issues.

Here's multiple links to a new version of some info that isn't in the Google Drive. Basically a lot of it is new.

As for the Daggz dating Quinnamon section here. Now here's the juicy part. Daggz is 18 and Quinnamon is currently 16 and dating him. The age of consent where they both live is 16. Now from the info above Daggz's birthday is January 17th as stated on here

[@Daggzyt](https://twitter.com/Daggzyt) and on his Wikitubia page

<https://youtube.fandom.com/wiki/Daggz> where he turned 18 this year. And despite Quinnamon's constant lying there is way too much evidence on his birthday from multiple sources including him saying his birthday is on February 4th. From multiple people including himself several times as stated by info in that Google Drive and by the info in the three links above. He also got rid of the post where he said it's his birthday on February 4th in sort of a joking manner. And it's deleted on his [@quinnamon](https://twitter.com/quinnamon) Twitter account. The only info you can get on other people saying it's his birthday after he focused on his Quinnamon account is these two posts

<https://twitter.com/DevSprings/status/1754350130365346237>

<https://twitter.com/MustyYew/status/1754629629011198398> Meaning that around that 2-3 week period the 18 year old Daggz was and still is still dating the 15 year old Quinnamon. Until he turned 16 on February 4th on 2024. They started dating as most people would assume late September or by all the info early October of last year.
